2025 3 Sport Utility Vehicles Bid
Spring 2025

1. The 3.5 L requirement could limit to larger vehicles, such as the Expedition. Do we have to stick to those or suggest other vehicles that are in the range such as Explorers or Escapes?

While filling out the specifications index, please note if the vehicles comply by indicating yes/no on the form. As stated within the Bid Delivery, all areas of differences must be explained thoroughly on a separate sheet.
